## **INFORMATION REGARDING APPLICATIONS FOR INCLUSION ON THE REGISTER FOR OPERATORS OF SEMI-RIGID INFLATABLE BOATS AND FOR AUTHORIZATION TO OPERATE THE BOATS**

### **A. Application for entry on the Register for Operators of Semi-rigid Inflatable Boats**

To apply for registration using the Spanish Tax Agency's web portal, the following data must be provided:

#### **1. Particulars of the operator**

- The type and number of the document used for identification purposes, nationality, country and date of birth, or, where applicable, incorporation of the legal person
- Name and surname(s) or company name
- Address for notification purposes, including type of residence and street, street name and number, postcode, town or city, country and property register reference number
- Optionally, telephone number and email address for receiving notifications from the Spanish Tax Agency

#### **2. Particulars of the representative (where applicable)**

- The type and number of the document used for identification purposes, nationality, country and date of birth, or, where applicable, incorporation of the legal person
- Name and surname(s) or company name
- Address for notification purposes, including type of residence and street, street name and number, postcode, town or city, country and property register reference number
- Optionally, telephone number and email address for receiving notifications from the Spanish Tax Agency

#### **3. Identification of the activity or activities for which the boat(s) is/are to be used**

- Manufacture, repair or renovation of the boat(s)
- Purchase and sale or lease of boats or similar
- Maritime rescue and assistance
- Inland water navigation
- Business activities, sports activities, research or training
- Private use

#### **4. Authorization to the Customs Department and IIEE of the State Agency of Tax Administration to request criminal record certificate to the Ministry of Justice.**

### **B. Request for authorization to operate a boat or boats**

An application shall be submitted for each of the boats that the operator is seeking authorization to operate. The data:

**1. Particulars of the operator**

- Particulars of the operator provided in the application for inclusion on the Special Register for Operators of Semi-rigid Inflatable Boats or, in the case of an operator who is already registered, the registry number given.

**2. Data on the boat**

- Name of the boat (where applicable)
- Registration number (in the case of a registered boat) or provisional registration number
- Brand and model of the boat
- Hull identification Number (HIN).
- Vessel Identification Number (VIN)
- Total length of the boat expressed in metres
- Engine total power.
- Identity of the seller/lessor of the boat.

**3. Place at which the boat is stored/docked while not in use:**

- Property register reference number
- Additional location information

**4. Data on the engines**

- Brand and model of each engine
- Maximum engine power of each engine expressed in kilowatts
- Complete series number
- Identity of the seller/lessor of the engine.

**5. Identification of the activity or activities for which the boat(s) is/are to be used:**

- Manufacture, repair or renovation of the boats
- Purchase and sale or lease of boats or similar
- Maritime rescue and assistance
- Inland water navigation
- Business activities, sports activities, research or training
- Private use
- Place where one or more of the above activities are carried out.

**6. Definition of the geographical area in which the activity or activities shall be carried out, specifying the spatial and territorial scopes thereof**

**7. Identification of the skipper or skippers of the boat**
